Venue: Room 13

Focus: How to educate children on healthy packed lunches.

Minutes

Apologies:

Minutes taken by: Miss Amner

1. Discussed the results from the survey. Spoke about the common misconceptions about healthy food within packed lunches, healthy alternatives and how they can educate and persuade parents to create a healthy meal.
2. Children explained ideas of how to educate children on this topic. Members thought of different ideas and we discussed what was good or bad about different ideas.
3. Children have been given a school council pack so they can make notes and draw ideas to bring to the next meeting.

Action: Children create ideas to promote healthy eating.

Next session: To decide on one idea to use throughout the school.
