Coronavirus-Themed Debate Questions

No.	Question (Please select one option per question)
31.	Recently, the US President has been criticised for giving medical advice that is not supported by doctors, such as saying that scientists should explore injecting sick people with disinfectant. Is it Okay for politicians to give medical advice like this?    Yes, they can say what they want Yes, as long as it's supported by science No, only doctors should do that
32.	Although Government are trying their level best to get some normality in the education system but nothing can be guaranteed as at present there is a rise in Covid cases in Leicester and various other countries. Do you think schools will be back to some normality in September or by the end of this year?    Yes, absolutely It might have No, not at all
33.	Covid19 experience/situation have had a great impact on all children's education. Do you think this will be resolved in this country very quickly or is it going to be a long term fixture?   

Well Done!
