Coronavirus-Themed Debate Questions

No.	Question (Please select one option per question)
7.	As shops sell out of products like toilet paper and hand sanitizer, some people have been buying in bulk and selling them for more money. Is it okay for people to do this?  So we can help fewer people become ill  To know what cures for illness are real  To find out what causes illness  I don't think it's important
8.	The newspapers reported that celebrities have been buying Coronavirus testing kits from a London clinic for £375 – which of the following do you agree with?  If I had £375 I would do the same  It's unfair - they should stick to the rules  Only the NHS should test - it's safer  I don't know
9.	How can people show support for their community right now?  Clapping for the NHS  If you can, shopping for someone who can't  Calling to check on a neighbour  Doing their part by staying home

Well Done!
