"Well done, everyone! I thoroughly enjoyed working with you all on Thursday afternoon. You really engaged in the training skills, you were asking questions and clearly showing your excitement and commitment to do the best job you could do, as School Council Reps. ***You are a credit to your school and you will represent your classes fantastically well.***"

Mr Long - School Council Trainer.

Year 2 Council Representative

"Training was really good because it helps us to be better representatives". It was even better when we played the activities and games".

Kattie Enuenwosu - Year 2G Council Representative

Year 2 Council Representative

The training was so interesting, we had to learn about 'How to be a good representative for the school'. I liked it when other children came together to work on being good Representatives.
