

Year 2 Home Learning Ideas

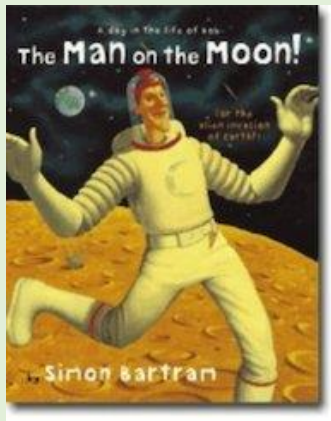

Spring B 2026

These optional Home Learning ideas are linked to the learning areas covered this half term.

Be an Author...

We will be reading 'The man on the Moon'

- If you could talk to an astronaut, what would you ask them?
- Imagine you saw an alien on the moon; what would it look like? Can you describe them?

Be a Mathematician...

We will be learning about money.

- Can you identify all the coins we have in the UK?
- What about the notes we use?

We will also be learning about 2D and 3D shapes.

- Do you know the names of the 2D and 3D shapes?
- Can you find any objects in your house that are 2D and 3D shapes?

Be a Scientist...

- We will be learning about materials and how they can be changed.
- Can you find some materials around your house that you can change the shape of?
- Are there objects that you can't change their shape, what are these made from?
- How would you describe the material they are made from?

Be a Designer...

- Can you think of and draw a design for a mask?
What would it be made of? How would it stay on?
- What about designing a strong bucket for the beach, what would that be made of? What about the handle?
- Try and make one of these.
