

Look who I saw when I went
into Rainbow Room!!!!

The naughty elf!! He was having lots of fun climbing up onto the cupboard and then onto the garage.

Then he swung up onto the line holding the owl pictures!!! He had obviously been doing this for awhile as all the pictures had been moved.

I tried to grab him but he flew through the air landing

on the Christmas tree, knocking it
over.

He then leaped from the tree towards the door. He was so quick, I couldn't get him.

He went out of the door towards
the construction area in our
playground.

I thought that's good as Jireh had built a trap for him. As I went out the door, I saw the naughty elf sitting in the middle of the trap laughing.

Mr Allen, who looks after our school, had heard all the noise and came running out to help. I shouted, “quick, grab him!!!” He ran into the construction area but as he reached out to grab him

BANG! The naughty elf knocked
the roof of the trap and as quick
as a flash

He leapt up onto the fence saying
“ha, ha, you can’t catch me” and
disappeared into the distance.
Please, please can you keep an
eye out for him as he needs to be
caught quickly before he causes
more trouble.
