

Imagine you are Mr Munroe. You can't speak, but you can write. You want to write to your friends/family from Norway.

Describe his new home with Ottoline.

Make sure you include how you are feeling.

Letter opening. Why are you writing?

Start your letter with Dear Mum. (Who are you writing to?)

Tell them not to worry. How did you feel leaving Norway and how did you get to the Pepper Pot Building?

I thought I would write to you ^{because} I might be wondering where I am! I miss Norway sometimes but I don't miss the cold wet bog. I live in a place called Pepper Pot Building which a lovely girl called Ottoline. I got here by a ship called The SS Trondheim with professors Brown.

Describe how you live.

Do you like it at the Pepper Pot Building? Describe your room using adjectives. How does your room make you feel?

I live in apartment 243 and I have my own room! Not like my hole in the ground in Norway! I'm not very tidy! It's a bit of a mess. Ottoline's very neat and kind to me. I love my room even tho it's messy but I just like it.

Who is Ottoline? What is she like? Describe how she looks and her personality. How do you feel about her?

Let me describe my favourite person Ottoline. She has blue eyes and blonde hair. She likes collecting shiny ^{suspicious} stuff and she likes collecting posters. I allow her to brush my hair!

What have you been doing since you last saw them?

We've been solving crimes about vicious dogs and kidnappers. Although it's ~~to~~ like exciting going on adventures. We are on our way to solve it.....

Letter closing.

Will you see them again soon? Are you visiting them or are they visiting you? Do you want to hear from them again soon?

If you ever come to town please come by to say hello. I really miss you. Maybe we solved the mystery by then!

Sign your letter from Mr Munroe. Love and hugs even kisses, Mr. Munroe (my new name)
