

Tuesday 29th April
a witches party problem

One foggy dark halloween
night I was on the way
to my friend's party
of course I brought my cat
called ~~Comfy~~ Furry.
was sitting on the back of
my broomstick - I was
flying over the ~~horrific~~
forest to the party.

✓ W soon I was ready to
leave my house. I had had
my cat and my broom
and I grabbed the present,
~~that~~ then wash flew on

after a while I forgot the
scary + over st.

red wood ~~tree~~. On the
ground ~~there~~ I heard wolfish howling
and spidery on the floor.
I saw bats flying everywhere -
bats flew at my face!

was
terrifying!

5.25 All of a sudden a huge
gust of wind pushed me
in a tree. My broomstick
was broken - I fell in
a muddy puddle. When my
friends were sent to a cave
it was filthy - dirty from
the puddle. Now I can't go
to the party. I felt sad
and I sat in the puddle and
sobbed.

7.5.25 After a few minutes
I decided ~~to~~ NO to give up!
Quickly I started to fix my
broom and ~~to get~~ my presence
to get.

down from the tree on
to my broom. I made a

Q ~~my~~ bath for my (it so I
can wash it) and ~~hydrated~~ ~~with~~
~~back~~ magic. and i fixed every
thing. At last I was ready to go
then I dashed! I flew at light speed then
I was at the party just in
time. I had jelly hands and I
even drank blood. and
played catch with the zombies.

It was very fun at the
party and my friend liked
the presence.

I had a great time
eating.
