

Children, you won't believe what Mrs. Cracknell and I saw this morning! We walked into Summer room in the ARP, and the Elves were bowling with all the Emotion Sound Jars that the children in the ARP had created during No Pens Day. They had loosened the lids of the jars and were taking turns rolling each other inside the toilet roll. Now, all the sensory items from the jars are scattered across the floor and the table.

Mrs. Cracknell and I chased after the Elves to take them to Mrs. Ziane, as the Elves promised her they would be good this year. We thought they had left the ARP.

Suddenly, we heard a booming laugh coming from Autumn room. Guess what children? They were still in the ARP! This time, they had sprinkled flour all over the table and made a huge mess. We couldn't believe our eyes!

The Elves quickly escaped from Autumn room's window into the KS2 playground. As they saw we were very unhappy. Please watch out for these mischievous Elves before they cause more trouble around the school!
