

I can't believe what I saw when I got to my office door this morning.....

I wonder who stuck stickers over mine, Mrs Dean and Mrs Lawrence's face.

Luckily, I had set a camera up to see if anything strange happened in my office over the weekend, as I knew that those naughty elves were still in the school.

And to my surprise!
Look what I caught on camera

They have been having
lots of fun in my office.
Sticking stickers all over
the filing cabinet.

Playing some games together

I wonder what the message is that they are trying to work out?!?

The camera caught one of them sneaking out of the window.....

...but where is the other one.
Keep a look out for them children. They seem to be everywhere!!!!
