

Look what I found
this morning in my
classroom.

I think the elves
have been trying
to help me with
the decorations
but have used
toilet paper
instead.

What a mess!!

When we checked the cameras I knew what we would see.

Those cheeky, little elves!!

They used more toilet paper to decorate my mini Christmas tree.

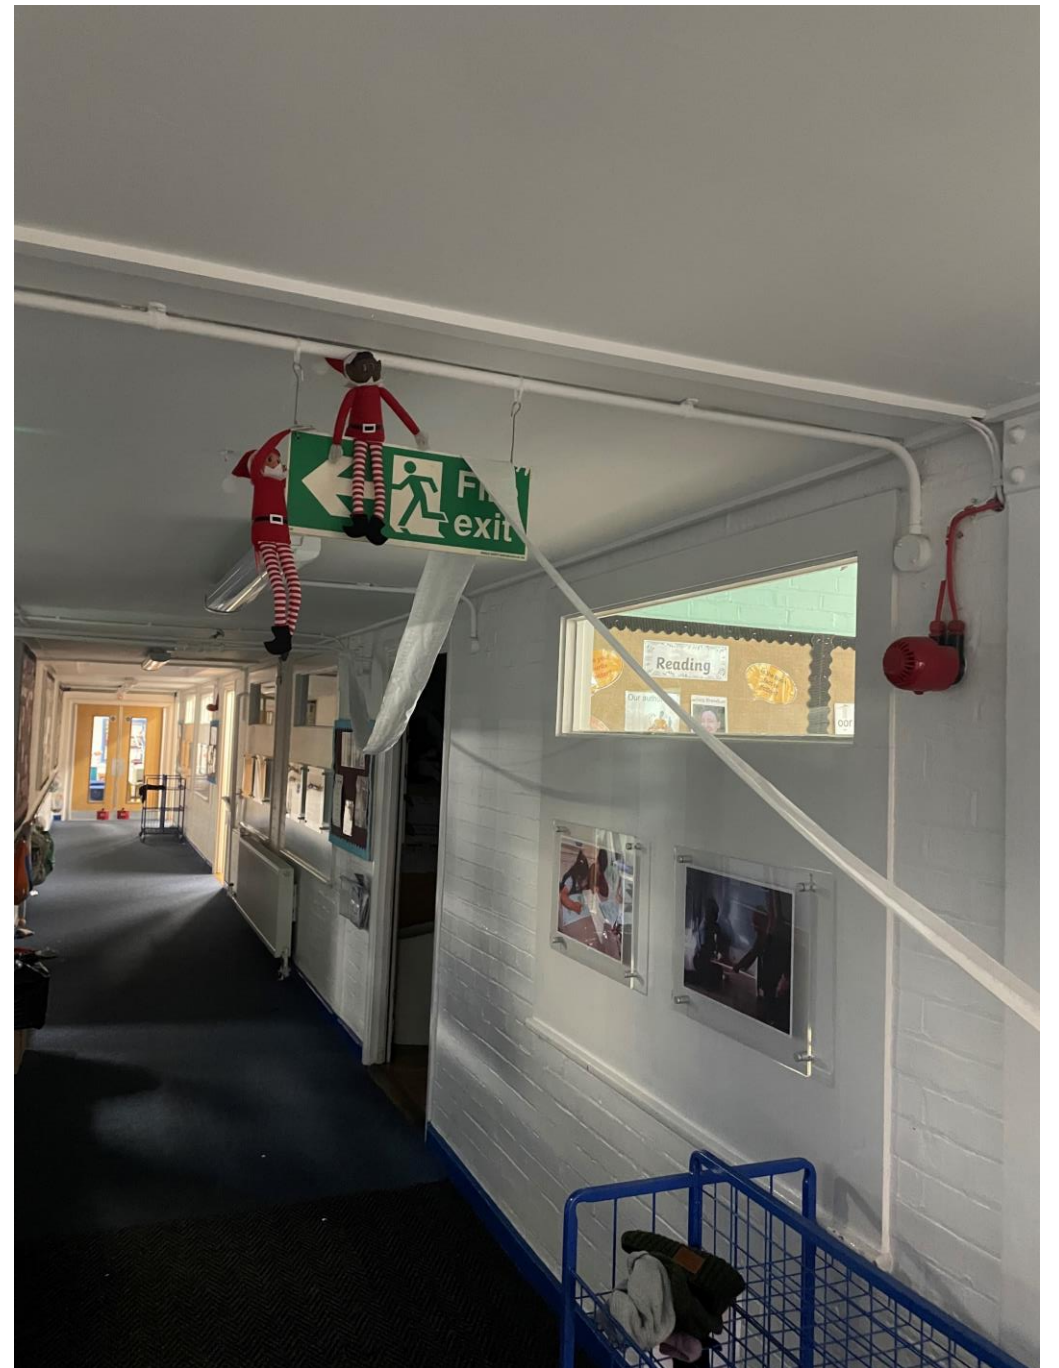

And even climbed in the Santa sack to tuck paper in there too.

But they didn't stop
there.

Outside in the corridor
we could see them using
the signs to make more
mess.

When will they stop?

On the camera we could see them use the lunch trolley to climb up and open the door to the playground and escape before anyone could catch them.

Keep your eyes open children we have to catch them!
It's the last day.
