

Good morning All,

I had a good feeling about today seeing as it is Friyay and we're off to the pantomime but I was greeted with something a little different this morning. My classroom door was closed and something just didn't look right. Once I paid close attention, I realised I had a message on my door. Please read!

It wasn't until I entered my classroom when it occurred to me that class 3LC had just been '**ELVED**'. From what started off as a positive day it had quickly taken a terrible turn for the worse 😞

The poor children of class 3LC have so much clearing up to do once they arrive in school. I hope we're not

late for the pantomime otherwise Mrs Stonier will be really upset!!

The cheeky little elves even decided to take a sleep upside down like bats! I tried my hardest to capture them but they were just way too fast and escaped through the windows.

Please keep your eyes
peeled Becontree,
they are up to their
usual tricks!

Mr. Crowther
