

Work out the area and perimeter of the following shapes by finding the missing sides. The shapes are not to scale.

1)

Area = square cm (cm^2)

Perimeter = m

2)

Area = square mm (mm^2)

Perimeter = mm

Work out the area and perimeter of the following shapes by finding the missing sides. The shapes are not to scale.

Area = square m (m^2)

Perimeter = m

Area = square cm (cm^2)

Perimeter = cm

Work out the area and perimeter of the following shapes by finding the missing sides. The shapes are not to scale.

5.

Area = square cm (cm²)

Perimeter = cm

6.

Area = square cm (cm²)

Perimeter = cm

Work out the area and perimeter of the following shapes by finding the missing sides. The shapes are not to scale.

7.

Area = square cm (cm²)

Perimeter = cm

Calculate the area of the white rectangle only

8.

Area = square cm (cm²)

Perimeter = cm
