

Children, you won't believe what happened today in the ARP!

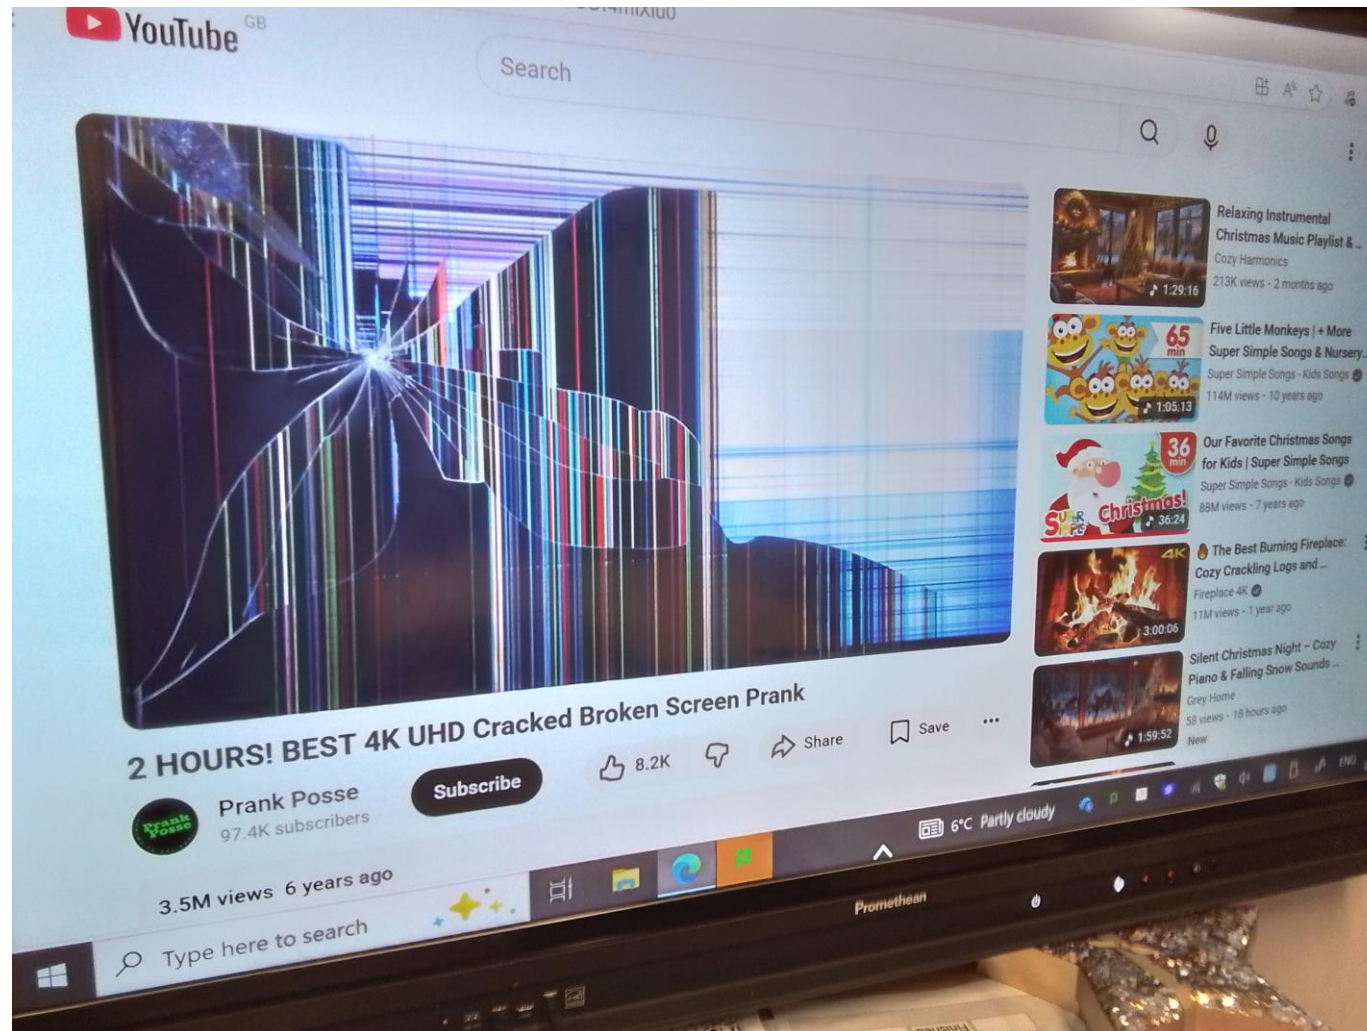

When Mrs Bousbaa and Mrs Cracknell walked into the ARP this morning, we saw TWO NAUGHTY ELVES causing mischief in the summer room! They were throwing balls at the big screen. When they spotted us, they ran away as fast as they could!

We took some pictures because it was a disaster... the screen looked broken! "Oh no! Mrs Ziane won't be happy!" we said. We chased the naughty elves but they were too quick and zoomed out of the room before we could catch them.

But then... we looked closer at the screen and guess what? The elves were playing a TRICK on us! It wasn't really broken at all—they had put a picture of a broken screen on it to fool us! Don't worry children, it was just an elf prank!

A few minutes later, Mrs Cracknell heard a strange noise in her classroom.

"Mrs Bousbaa! Did you hear that?" she called.

"Oh no... the naughty elves are still in the ARP!" we said.

And they were! They had drawn funny moustaches on all the teachers' pictures! This time I said, "That's it! I'm catching those elves!"

I ran after them, but they were too fast. They opened the ARP door and disappeared into the school corridor!

So watch out children... the naughty elves are on the loose! Let's hope they don't cause any more trouble in our school
