

Naughty Elves Spotted in 4LH!

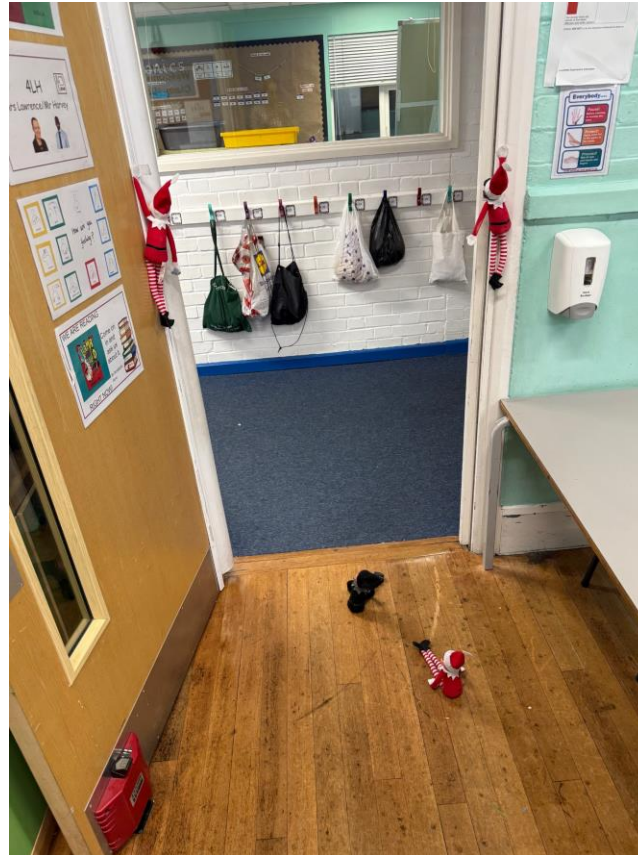

When Mrs Lawrence walked into 4LH, she saw that the elves had been having fun and making a big mess!

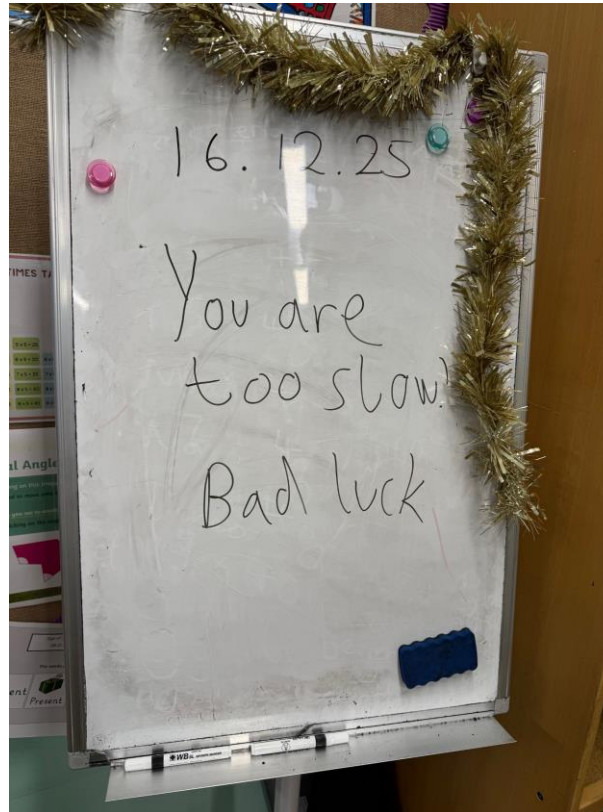

They must miss The North Pole as they had also been making snowflakes.

When Elves saw Mrs Lawrence, they quickly escaped
out of the door.
They ran really quickly!

They were so cheeky, that they even wrote this on the board!

Please keep your eyes open for these naughty elves. Who knows where they are now? We don't have long to find them.
